

## RRDXA Mailing List

Contributed by DL5XX

A quite active channel of communication among RRDXA members and friends is our RRDXA-Mailing list. A message sent to [rrdxa@mailman.qth.net](mailto:rrdxa@mailman.qth.net) will be received by all subscribers. Just check it out, and don't worry to ask any contest or technique related question over the mailing list.

How to subscribe ?

Just send an E-Mail to [rrdxa-request@mailman.qth.net](mailto:rrdxa-request@mailman.qth.net) with the following line in the mail body:

subscribe

Just after a few moments you'll get an E-Mail with the confirmation of the list server together with a short description of how to use the service. Instead of sending an E-Mail for the subscription request, you can also use this formular to enter your E-Mail address for subscription.

Archive

All E-Mails sent to the list will be archived. You can browse through archived threads [here](#).
